Our racers have consistently told us that recognition through separate fields is a priority, and we are trying a new format to respond! Working within the constraints of (1) available Police and Referee escorts and (2) the available roadway, we've come up with these three key revisions:

Women 1/2/3, Men Pro/1/2 and Men Cat-5 NOTE!!

- 1. Women 1/2 and Cat-3 will be scored separately as two fields**
- 2. Men Pro/1 and Cat-2 will be scored separately as two fields**
- 3. Men Cat-5 Under 40 and 40+ will be scored separately as two fields**

Please Note!!! Start times for some fields have been revised from last year to promote an earlier finish time for the overall race. We hope to have everyone off the course by 4:00 PM on race day.

Regarding CT State and NE Regional Champion's Medals: The Tokeneke Classic is the USAC Championship Road Race for both "CT State" and "New England Regional". The Tokeneke Classic is open to all licensed riders, but only CT State and New England residents receive medals.
